We have professional music makers in 100 different countries all poised and ready to work with us. Because of the fact that each established current singing star in each individual country has a proven *minimum* of 5 million fans (some super stars have more than 5 million loyal music fans), millions of people are *already involved* in our worldwide campaign. The math is clear. Three hundred singers with five million followers per singer is... One billion and a half million People ~ And this is only the beginning !! We are establishing a new Global Anthem Song called "I SEE MYSELF IN YOU" ! Our worldwide music production – distribution program brings 300 singers in 100 countries to record and release the new song written by Rob Sanders called "I SEE MYSELF IN YOU" / ASCAP. Singers in each country will sing I SEE MYSELF IN YOU in their own languages as our production office provides *professional poetic language translations*. Marketing – promotional campaigns include radio station airplay around the globe, digital download outlets and online streaming per computers and satellites, plus dynamic and exciting follow up live Up-With-People music concerts featuring the 100 famous singing stars performing the global anthem, I SEE MYSELF IN YOU multiple millions of people worldwide. Careful monitoring by the vast variety of performance Rights Organizations are a serious part of our central business office activities as we always meet our responsibilities. . . especially when it comes to collecting and distributing revenue.
